BUTT Estd Collection

BUTT

Estd Collection

Butt is a vibrant, versatile stool that can be used indoors and outdoors thanks to its UV-stable plastic, which was originally developed for marine use.

THE DESIGNER

Estd by Established & Sons is the own-labelled collection of purposeful furniture and accessories designed to create a 'moment' in one's day. Designers of the collection are briefed to focus on design integrity, economy and purposefulness rather than their own style or aesthetic. Anonymity allows the designer to explore outside their usual design boundaries, resulting in pieces that derive value not from the designer's reputation but through the articulation of the Established & Sons truthfulness to excellent and accomplished industrial design. The Estd collection is made up of individual designs with reoccurring forms, shapes and colour palette.
